

## PRESS RELEASE

19 June 2008

---

### **High-tensile steel for the jacket and topsides lift systems of platform installation/decommissioning and pipelay vessel *Pieter Schelte* ordered**

The Swiss-based offshore installation contractor Allseas has awarded to ThyssenKrupp Mannex GmbH, Düsseldorf, Germany, an order for approximately 36.000 tonnes of high-tensile steel for the jacket and topsides lift systems of the platform installation/decommissioning and pipelay vessel *Pieter Schelte*. The order represents a value of approximately 93 million euros.

The steel will be supplied in 2009 and 2010. The quality of this steel is Ste 690 and has a thickness range from 10 to 210 mm.
